Give Us Your Input!

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

Comments: I am a citizen of Butte County. This county's economy is directly tied to agriculture and water. SET back ~~leaves~~ leaves will take a lot of prime orchard land out of production drastically affecting Butte Co. economy. Butte's water rights need to be protected and point of origin rights need to be protected. Additional water storage needs to be developed before this plan goes forward.

Use additional sheets if necessary.
