Comments:
I support the continued export of water from the Delta south and Cal Fed's efforts to continue those exports in a more environmentally freindly manner.

~~I do not support the conversion of agricultural property to wildlife habitat in the Delta. The magnitude of the proposed environmental restoration project would have devastating affects on the Delta economy, its citizens and communities.~~

I believe that it is unfair and irresponsible to propose that 115,000 acres be removed from agricultural production and converted to wildlife habitat in the Delta as part of a program to continue the water exports to southern California. The proposed restoration project has nothing to do with making water exports more environmentally friendly and should not be part of the Cal Fed Program
