[DES 99-19]

Draft Programmatic Environmental Impact Statement/Environmental Impact Report (Draft Programmatic EIS/EIR), CALFED Bay-Delta Program, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, and the California Environmental Quality Act (CEQA), the Bureau of Reclamation, U.S. Fish and Wildlife Service, National Marine Fisheries Service, Environmental Protection Agency, Natural Resources Conservation Service, Army Corps of Engineers, and the California Resources Agency, as joint lead agencies, have prepared a Draft Programmatic EIS/EIR for the CALFED Bay-Delta Program. The CALFED Bay-Delta Program is a cooperative effort of 15 State and Federal agencies with regulatory and management responsibilities in the San Francisco Bay-Sacramento/San Joaquin River Bay-Delta to develop a long-term plan to restore ecosystem health and improve water management for beneficial uses of the Bay-Delta system. This Draft Programmatic EIS/EIR is a result of this collaborative planning process and identifies comprehensive solutions to the problems of ecosystem quality, water supply reliability, water quality, and Delta levee and channel integrity. The Draft Programmatic EIS/EIR identifies four alternatives to implement these solutions and programmatically analyzes the environmental impacts of each of those alternatives. Public hearings will be held in 15 cities throughout California to receive comments on the Draft Programmatic EIS/EIR from interested organizations and individuals concerning the environmental impacts of the proposal.

An earlier version of the Draft Programmatic EIS/EIR was released in

March 1998. A Preferred Program Alternative was subsequently identified, and the current Draft Programmatic EIS/EIR includes this revision. In addition, the analysis for each of the alternatives has been updated, and the comments received on the March 1998 draft have been identified or addressed, as appropriate, in the current document.

DATES: Written comments on the Draft Programmatic EIS/EIR should be submitted by September 23, 1999.

Public hearings to receive oral comments on the Draft Programmatic EIS/EIR will be held in various locations in California. See Supplementary Information section for hearing dates.
