In regard to:
Stevens, D.E. 1972. Other Fishes in the Estuary: American Shad. In
Chapter VII in Ecological Studies of the Sacramento-San Joaquin Estuary.
CDFG, Sacramento, CA.

I suspect the reference is wrong...
HOWEVER

The seventh paper in the Department of Fish and Game Fish Bulletin 136
(1966) is titled "Distribution and food habits of the American shad, "Alosa
sapidissima" in the Sacramento-San Joaquin estuary" and is by Don Stevens.

The correct reference for this paper would be:

Stevens, D. E. 1966. Distribution and food habits of the American shad,
"Alosa sapidissima" in the Sacramento-San Joaquin estuary. Pages 97-107 in:
J. L. Turner and D. W. Kelley, compilers. Ecological studies of the
Sacramento-San Joaquin Delta. Part II. Fishes of the Delta. California
Department of Fish and Game, Fish Bulletin 136.

You should have a copy of bulletin 136. If you need a copy of this paper, I
can copy and send.
