

Delta Flow Circulation

No Action 0

Increased exports offset operational improvements

Alternative 1, w/o Storage, Operation A, 0

Increased exports create slightly worse QWEST in many months plus negative from south Delta Ag barriers.

Alternative 1, with Storage, Operation A, 0

Same as without storage.

Alternative 1, w/o Storage, Operation B, 0

Same as operation A w/o storage

Alternative 1, with Storage, Operation B, 0

Same as without storage.

Alternative 2, with and w/o Storage, Operation A, 2.5

Greatly improved QWEST, but no sweep? from San Joaquin and negative from X3

Alternative 2, with and w/o Storage, Operation B, 3.0

Greatly improved QWEST, but no sweep from San Joaquin and plus from X2

Alternative 3, w/o and with Storage, Operation A, 4

Plus from greatly improved QWEST and San Joaquin flow and negative from X3.

Alternative 3, w/o and with Storage, Operation B, 4.5

Same as above with benefits from X2.
