BAY-DELTA
PROGRAM

Public Comment

Date 8-31

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

The bay delta is already choked by many other
dams and the wild life that has managed to
survive is strained to keep alive. The flow of
water is life to all creatures to the riversides, and
cutting that off would be cutting more life.
