

CALFED
BAY-DELTA
PROGRAM

Public Comment

Date Aug 17, 1999

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

More fresh water needs to flow through the Bay and Delta to restore habitat and the environment.
It is imperative that we review and come up with more aggressive water conservation practices before more dams and canals are built. Please explore all avenues and lets be thrifty, and more efficient in the way our taxes are spent.
Let not this become someones pet project.
