

Comment Form

Give Us Your Input!

Public input from thousands of Californians has already helped shape the CALFED Bay-Delta solution. However, there are many significant issues that still need to be decided. Please fill out this form and tell us what you think is important when developing an equitable, feasible and durable Bay-Delta solution.

Comments:

I would like to comment on your Draft EIR.

I am opposed to new dams, reservoirs or canals. Focus must be on pollution management, water conservation and improved water quality for people and wildlife. As a taxpayer, I do not want my money going to new water projects that adversely impact these goals.

Use additional sheets if necessary.

Please clip out this form, fold, staple and return to:
