BAY-DELTA
PROGRAM

Public Comment

Date 9/9/99

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

Many years ago, my family constructed a small dam to retain rain water which would have been lost otherwise. This enabled us to plant a vineyard + water cattle thereby making other wise useless land productive. The state of Calif. needs more dams to store our rain + snow melt water. It makes no sense to let it run out to sea.
