Lester Snow, Executive Director
CalFed Bay/Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

Dear Mr. Snow,

Please enter these comments into the formal record for your Draft Programmatic Environmental Impact Report and Statement. The CALFED Bay/Delta program must be revised to:

- ▶ not commit to building any new or expanded dams, reservoirs, or canals during Stage 1 (the first seven years of the project)
- ▶ **increase investments in water conservation and efficiency, groundwater management, and drinking water treatment**
- ▶ improve water quality for people and wildlife by preventing pollution at the source
- ▶ **restore our rivers, bays, and fisheries by providing firm guarantees of more fresh water flows and by caring for the land around our rivers**
- ▶ not make taxpayers subsidize new or expanded dams, reservoirs, or canals.

Thanks very much,

Anne Wallace
