Comment

Date Sept. 21, 1999

The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

The Cal Fed Program, if implemented
would have a disastrous effect
on California Agriculture. With the
increase in population in this state,
The amount of water used by cities
and non-Ag business will make a difference
for future water needs. More water
storage is needed.
