CALFED Bay-Delta Program

August 15, 2000

Steve Ritchie, Acting Executive Director  
Cal-Fed Bay Delta Program  
1416 Ninth St., Ste. 1155  
Sacramento, CA 95814

Dear Mr. Ritchie:

I am a life long Valley resident and agriculture follower, who has the future of being an agriculture education teacher, thus making the future of agriculture a very large concern to myself, and the children I will teach. The time element you have given us to review the Cal-Fed environment report is a very large concern of mine. A report such as this, is in need of a larger time frame to review and discuss among we Valley residents. It is my opinion that you should hold various public meetings to go over such a technical report. With so many issues involved, it should be our right and your duty. The future of agriculture is at stake.

Sincerely,

Briana George
