Subject: CALFED Bay-Delta Program/San Joaquin River Fishery Restoration Technical Team Meeting

A joint CALFED Bay-Delta/SJRMP San Joaquin River Fishery Restoration Technical Team Meeting will be held on January 15 - 16, 1997, at the Pines Resort at Bass Lake. The purpose of this meeting is to bring together all interested technical representatives from agencies and interested parties to develop a package of fishery restoration projects for the San Joaquin River basin. A focused effort over a two day period will enable us to develop consensus and prioritize projects to be implemented over the next three to five years. Your efforts will be very important to this process and we strongly encourage you to attend both days. We will be sending out a package of background materials in early January along with any needed revisions to the agenda.

The cost of lodging and meals is \$159.00 per person for two nights double occupancy. This covers dinner on the night of the 14th and 15th, and breakfast, lunch and afternoon break on the 15th and 16th. Meeting participants are responsible for making their own reservations. Please decide on your roommate prior to making reservations. Reservations may be made by calling Sharon Wilson at (209) 642-2585.

Bass Lake is located 14 miles south of Yosemite at elevation 3,400 msi. Take Highway 41 to the Bass Lake turnoff (Road 222) north of Oakhurst and proceed 4 miles to Bass Lake and stay left where the road divides and continue 2 ½ miles to the Pines Village sign. Check-in begins at 1:00 p.m. on January 14, and dinner will be served at 6:30 p.m. The roads are cleared by Caltrans and so chains will not likely be needed.

If you have any questions, please contact myself or Paula Landis and let either of us know by January 6, 1997 if you will be attending.
