To whom it may concern,

For your dissemination, please find enclosed a copy of the advertisement announcing the Agricultural Waterfowl Incentive Program as well as a sample application letter to be used as a guide for interested landowners. This program is being administered by the U.S. Fish and Wildlife Service, in cooperation with the Bureau of Reclamation, and will provide incentives for farmers to flood their fields for appropriate time periods during the year for the benefit of migratory waterfowl, and also to enhance Central Valley Project water supplies.

Beginning immediately the Service is accepting proposals from qualified applicants for this program. Announcements for this program will be sent out each fall to all pertinent parties. However, applications will be accepted year-round.

Any questions can be directed to my office at (916) 979-2085, or FAX (916) 979-2085.

Cell phone
(916) 715-7925

Sincerely,

Dale B. Garrison
