

Draft Outline  
Environmental Impacts/Consequences  
Technical Report  
(By Resource Category)  
4/22/97

- I. INTRODUCTION
- II. SUMMARY OF OVERALL EFFECTS BY ALTERNATIVE (will be used in Programmatic EIR/EIS)
  - 2.1 Summary of Potential Significant Impacts
  - 2.2 Summary of Mitigation Strategies
  - 2.3 Summary of Potential Significant Unavoidable Impacts
- III. ASSESSMENT METHODS
- IV. SIGNIFICANCE CRITERIA
- V. ENVIRONMENTAL IMPACTS/CONSEQUENCES
  - 5.1 No Action Alternative
    - 5.1.1 Summary of No Action Effects
    - 5.1.2 Comparison to Existing Conditions
      - Delta Region
      - Bay Region
      - Sacramento River Region
      - San Joaquin River Region
      - SWP and CVP Service Areas Outside Central Valley
  - 5.2 Delta Region
    - 5.2.1 Summary of Regional Effects by Alternative
      - Summary of Potential Significant Impacts
      - Summary of Mitigation Strategies
      - Summary of Potential Significant Unavoidable Impacts
    - 5.2.2 Comparison of Program Actions to No Action Alternative
      - Direct and Construction Related Impacts
      - Indirect and Operational Impacts

Alternative I

Ecosystem Restoration Program  
Water Quality Program  
Water Use Efficiency Program  
Levee System Integrity Program  
Storage Facilities  
Conveyance Facilities

Alternative II

Ecosystem Restoration Program  
Water Quality Program  
Water Use Efficiency Program  
Levee System Integrity Program  
Storage Facilities  
Conveyance Facilities

Alternative III

Ecosystem Restoration Program  
Water Quality Program  
Water Use Efficiency Program  
Levee System Integrity Program  
Storage Facilities  
Conveyance Facilities

5.2.3 Comparison of Program Actions to Existing Conditions

Direct and Construction Related Impacts

Indirect and Operational Impacts

Alternative I

Ecosystem Restoration Program  
Water Quality Program  
Water Use Efficiency Program  
Levee System Integrity Program  
Storage Facilities  
Conveyance Facilities

Alternative II

Ecosystem Restoration Program  
Water Quality Program  
Water Use Efficiency Program  
Levee System Integrity Program  
Storage Facilities  
Conveyance Facilities

Alternative III

Ecosystem Restoration Program  
Water Quality Program

Water Use Efficiency Program  
Levee System Integrity Program  
Storage Facilities  
Conveyance Facilities

(Each of the remaining geographic regions will have the same organizational outline as presented above)

- 5.3. Bay Region
- 5.4. Sacramento River Region
- 5.5. San Joaquin River Region
- 5.6. SWP and CVP Service Areas Outside Central Valley

VI. REFERENCES
