There will be a CALFED PCT Ad-Hoc meeting this week on Thursday 6-12-97 to discuss the CALFED alternatives. The meeting is at 1:30 pm in room 1142 of the Resources Building. In addition, there is a PCT Ad-Hoc meeting scheduled for 6-19-97 at 1:00 pm in room 1142 to discuss the Watershed Management Framework, modeling assumptions for the No-Action alternative, and the affected environment. Please note the longer agenda and the earlier start time for that PCT meeting. On the last Thursday of the month on 6-26-97, there is a PCT Ad-Hoc meeting from 9-12 (room number not confirmed at this time) to discuss comments on the Volume 1 ERPP. The 9am start time allows people to also attend the CALFED OPS meeting that afternoon if they choose. If you have any questions about any of these meetings, please call Judy Kelly at (916) 657-2666.

Thanks.

Michael Norris
