

Recent and Scheduled Presentations of G. Fred Lee and Anne Jones-Lee

Listed below are some of the recent and scheduled presentations of G. Fred Lee and Anne Jones-Lee. Further information on these presentations is available on request.

Lee, G. Fred and Anne Jones-Lee, "Domestic Water Supply Water Quality: Control at the Source," University of California Water Resources Center Conference, Sacramento, CA (April 1991).

Lee, G. Fred and Anne Jones-Lee, "Inland Waters, Bays and Estuaries Plans - Water Quality Objectives: Problems with Proposed-Adopted Approaches," California Water Pollution Control Association Conference, Pasadena, CA (April 1991).

Lee, G. Fred and Anne Jones-Lee, "Indirect Re-Use of Domestic Wastewater for Recreational Lakes, Case Study: Lubbock, Texas," American Water Resources Association Conference, San Diego, CA (June 1991).

Lee, G. Fred and Anne Jones-Lee, "Evaluation of the Adequacy of Site Remediation for Redevelopment," National Water Well Association Conference, "Environmental Site Assessments Case Studies and Strategies," Columbus, OH (July 1991).

Lee, G. Fred and Anne Jones-Lee, Presented a one week seminar on water quality management in Medellin, Colombia, in which they discussed water quality criteria and standards development, assessing the water quality impacts of municipal and industrial wastewater discharges, managing water quality in lakes and reservoirs, evaluating the water quality significance of contaminants in sediments, and solid and hazardous waste management (September 1991).

Lee, G. Fred, "Unsaturated Groundwater Quality Monitoring at Landfills," California Groundwater Association seminar, Lake Tahoe, NV (November 1991).

Lee, G. Fred, "Establishing a Sediment Clean Up Objective for Copper Contaminated San Diego Bay Sediments," Testimony for the California Regional Water Quality Control Board, San Diego Region, San Diego, CA (December 1991).

Jones-Lee, Anne, "An Aquatic Life Risk Assessment for Copper Contaminated Sediments in San Diego Bay," Testimony for the California Regional Water Quality Control Board, San Diego Region, San Diego, CA (December 1991).

Lee, G. Fred, "Sediment Quality Criteria Development: Problems with Current Approaches," HMCRI National R & D Conference on the Control of Hazardous Materials, San Francisco, CA (February 1992).

Lee, G. Fred, "Evaluation of the Public Health and Water Quality Significance of Soil Lead Residues: The Need for Biogeochemistry Understanding," Geochemical Division, American Chemical Society, San Francisco, CA (April 1992).

Jones-Lee, Anne, "Significance of Soil Lead Residues as a Hazard to Children," Presentation to the Soroptimists, Davis, CA (April 1992).

Lee, G. Fred, "Ground Water Quality Monitoring at Lined 'Dry Tomb' Municipal Landfills: Problems with Current Approaches and Suggested Alternatives," Workshop at National Ground Water Association Outdoor Action Conference, Las Vegas, NV (May 1992).

Lee, G. Fred, "Environmental Standards: Their Development and Use," and "Municipal Solid Waste Management: The Need for Alternative Approaches to 'Dry Tomb' Landfills," Environmental Seminars Series, University Extension, University of California, Davis, CA (May 1992).

Lee, G. Fred, "Water Quality Management: Problems with Current Approaches" and "Municipal Solid Waste Management: Problems with Current Approaches," Environmental Leadership Seminar, University Extension, University of California, Davis, CA (May 1992).

Lee, G. Fred, "Importance of Not Siting Landfills in Sand and Gravel Pits in the Los Angeles Basin," Testimony before Los Angeles Regional Water Quality Control Board, Los Angeles, CA (June 1992).

Lee, G. Fred, "The Need for Greater Chemistry Input to Hazardous Chemical Management in the Environment," Keynote lecture, Rocky Mountain Analytical Chemistry Symposium, American Chemical Society, Denver, CO (August 1992).

Lee, G. Fred, "Public Health and Water Quality Importance of Soil Lead Residues in Property Site Assessment," National Ground Water Association Site Assessment Conference, Orlando, FL (August, 1992).

Jones-Lee, Anne, "Sediment Quality Clean Up Objectives for Copper in San Diego Bay," Testimony before State Water Resources Control Board, Sacramento, CA (September 1992).

Lee, G. Fred, "Problems with Proposed Site Specific Water Quality Objectives for San Francisco Bay," Testimony before San Francisco Regional Water Quality Control Board, San Francisco, CA (October 1992).

Lee, G. Fred, "Groundwater Quality Protection from Municipal Landfills," One-day short course, University Extension, University of California, Los Angeles, CA (October 1992).

Lee, G. Fred, "Groundwater Quality Protection from Municipal Landfills," One-day short course, American Water Resources Association Int. conference, Reno, NV (November 1992).

Jones-Lee, Anne, "Impact of 6-year Drought on Domestic Water Supply Water Quality in California," American Water Resources Association Int. conference, Reno, NV (November 1992).

Lee, G. Fred, "Technical Deficiencies in the Draft and Final Environmental Impact Report for the Proposed Puente Hills Landfill Expansion," Testimony before the Los Angeles Sanitation Districts Board of Commissioners, Los Angeles, CA (November 1992).

Lee, G. Fred, "Groundwater Quality Protection from Municipal Landfills," One-day short course, University Extension, University of California, Berkeley, San Francisco, CA, University of California, Santa Barbara, Ventura, CA (November 1992), and American Society of Civil Engineers, New York City, NY and Atlanta, GA (January 1993), Chicago, IL (September 1993) and Seattle WA (November 1993).

Lee, G. Fred, "Water Quality Aspects of Dredging and Dredged Sediment Disposal," Three-hour workshop at the Texas A&M University Dredging Engineering Short Course, College Station, TX (January 1991, 1992, 1993, 1994).

Lee, G. Fred, "Potential for Groundwater Pollution at the Proposed United Waste Management Landfill in Menominee County, Michigan," Testimony, State of Michigan Court, Lansing, MI (March 1993).

Lee, G. Fred, "Evaluating Water Quality Significance of Chemical Contaminants in Aquatic Systems," American Chemical Society lecture tour, Tennessee and Kentucky (March 1993).

Lee, G. Fred, "Inadequacy in Planning for Municipal Solid Waste Management in Connection with the Proposed Puente Hills Landfill Expansion," Testimony before the Los Angeles County Planning Commission, Los Angeles, CA (March 1993).

Lee, G. Fred, "Cost-Effective Water Pollution Control in Mining," Short course on Integrated Mining and Land Reclamation Planning, Nevada Institute of Technology, Reno, NV (April 1993).

Lee, G. Fred, "Regulating Heavy Metals in Surface Waters in a Technically Valid, Cost-Effective Manner," IPC 36th Annual meeting, San Francisco, CA (May 1993).

Lee, G. Fred, "Problems in the Use of Chemically Based Sediment Quality Criteria to Regulate Contaminated Aquatic Sediments," Int. Water Quality Association conference, Milwaukee, WI (June 1993).

Jones-Lee, Anne, "Potential Significance of Ammonia as a Toxicant in Aquatic Sediments," Int. Water Quality Association conference, Milwaukee, WI (June 1993).

Lee, G. Fred, "Evaluating the Potential Water Quality Problems of a Proposed Landfill," Presentation to the Castaic Lake Water Agency, New Hall, CA (July 1993).

Lee, G. Fred, "Water Quality Aspects of Incidental River Groundwater Recharge of Domestic and Industrial Wastewaters," AWRA conference, Tucson, AZ (August 1993).

Lee, G. Fred, "Overview of Landfills and Groundwater Quality Protection Issues," in AWRA Session on Municipal Landfills and Groundwater Quality Protection Issues in Arizona, AWRA conference on Innovations in Groundwater Management, Tucson, AZ (August 1993).

Lee, G. Fred, "Landfills and Groundwater Quality Protection Issues," Short course at AWRA conference on Innovation in Groundwater Management, Tucson, AZ (August 1993).

Lee, G. Fred, "Water Quality Impacts of Stormwater-Associated Contaminants: Where are the Problems?" International Water Quality Association conference on Diffuse Source Pollution, Chicago, IL (September 1993).

Lee, G. Fred, "Evaluating Water Quality Significance of Chemical Contaminants in Aquatic Systems," American Chemical Society lecture tour, Connecticut, New York and New Jersey (October 1993).

Lee, G. Fred, "Lined 'Dry Tomb' Landfills versus 'Wetcell'-Fermentation and Leaching Landfills for Municipal Solid Waste Management," Int. Landfill Symposium, Sardinia, Italy (October 1993).

Jones-Lee, Anne, "USA Municipal Landfill Leachate Composition, Monitoring and Potential Impacts on Groundwater Quality for Domestic Water Supply Use," Int. Landfill Symposium, Sardinia, Italy (October 1993).

Lee, G. Fred, "Effect of Eutrophication on Fisheries," Dept. of Fisheries Seminar, University of California, Davis, CA (November 1993).

Lee, G. Fred, "Impact of the Mountain View Landfill Gas Releases on Shoreline Golfcourse Turf," Testimony in a trial in San Jose, CA (February 1994).

Jones-Lee, Anne, "Evaluation of the Water Quality Significance of Copper in San Diego Bay Sediments," American Chemical Society National meeting, San Diego, CA (March 1994).

Lee, G. Fred, "Regulatory Issues Governing Establishment of Remediation Level for Copper in San Diego Bay Sediment," American Chemical Society National meeting, San Diego, CA (March 1994).

Lee, G. Fred, "Management of Carcinogens in Municipal Water Supplies: Problems With Current Approaches," American Chemical Society Georgia Section, (March 1994).

Lee, G. Fred, "Landfills as Chemical Systems: Problems With Current Approaches for Solid Waste Disposal," American Chemical Society Northeast Georgia Section, University of Georgia, Athens, GA (March 1994).

Lee, G. Fred, "Management of Chemical Contaminants in Aquatic Systems: Problems With Current Approaches," American Chemical Society South Carolina and Carolina-Piedmont Sections, (March 1994).

Lee, G. Fred, "Landfills and Groundwater Quality Protection Issues One Day Short Course Blue Ridge Environmental Defense League," Wadesboro, N.C. (March 1994).

Lee, G. Fred, "Dry Tomb vs. Wet Cell Technology for Landfilling in Municipal Solid Wastes," State of Georgia Environmental Protection Division Land Protection Branch, Atlanta, GA (March 1994).

Lee, G. Fred, "Landfills: Past, Present and Future," The Landfill and The Law Seminar, Ecology Law Quarterly, University of California, Oakland, CA (April, 1994).

Lee, G. Fred, "Resource Recovery vs. Landfilling Solid & Hazardous Waste: Facing Long-Term Liability," HMCRI National Conference, New Orleans, Louisiana (April 1994).

Jones-Lee, Anne, "Achieving Adequate BMP's for Stormwater Quality Management," American Society of Civil Engineers Environmental Engineering Division National Conference, Boulder, CO (July 1994).

Lee, G. Fred, "Evaluation and Management of Non-Point Source Pollutants in the Lake Tahoe Watershed," American Society of Civil Engineers Environmental Engineering Division National Conference, Boulder, CO (July 1994).

Lee, G. Fred, "Water Quality Aspects of Ground Water Recharge: An Overview," American Society of Civil Engineers National Conference on Ground Water Recharge, Orlando, FL (July 1994).

Lee, G. Fred, "Landfill NIMBY and Systems Engineering: A Paradigm for Urban Planning," National Council on System Engineering International Symposium, San Jose, CA (August 1994).

Lee, G. Fred, "Management of Chemical Contaminants in Aquatic Systems: Problems With Current Approaches," American Chemical Society Northeast Wisconsin and Lake Superior Sections, University of Wisconsin, Oshkosh, WI and Duluth, MN (September 1994).

Lee, G. Fred, "Landfills as Chemical Systems: Problems With Current Approaches for Solid Waste Disposal," American Chemical Society LaCrosse-Winona and Upper Peninsula Sections, University of Wisconsin, La Crosse, WI and Michigan Technical University, Houghton, MI (September 1994).

Lee, G. Fred, "Chemical Concentration vs. Biological Effects Criteria for Dredged Sediment," ASCE "Dredging 94" Conference, Lake Buena Vista, FL (November 1994).

Lee, G. Fred, "Does Meeting Cleanup Standards Mean Protection of Public Health and the Environment?" HMCRI Superfund XV Conference, Washington, D.C. (November 1994).

Lee, G. Fred, "Water Quality Impacts of Dredging Sediment Disposal," Texas A&M Dredging Engineering Short Course, College Station, TX (January 1995).

Lee, G. Fred, "California Comparative Risk Project," Mother Lode Chapter of the Air and Waste Management meeting, Sacramento, CA, March (1995).

Lee, G. Fred, "Sediment Quality Evaluation and Management: Sediment Quality Criteria and Standards," 2-day short course organized by E³ Environmental Education Enterprises, Inc., San Francisco, CA (April 1995).

Lee, G. Fred, "Issues in Establishing Contaminated Sediment Clean-Up Objectives," Sediment Remediation '95 international conference organized by Wastewater Technology Centre, Burlington, Ontario, Canada (May 1995).

Lee, G. Fred, "Public Health and Environmental Safety of Reclaimed Wastewater Reuse," Arizona Water Resources Research Center 7th Symposium on Artificial Recharge of Groundwater, Scottsdale, AZ (May 1995).

Lee, G. Fred, "Recommended Changes in Mexico's Hazardous Waste Regulations," Presentation at Foro Ciudadano Sobre Desechos Toxicos, San Luis Potosi, Mexico (August 1995).

Lee, G. Fred, "Water Quality Modeling Issues in the Delta and San Francisco Bay," Presented at Toxics and Water Quality Modeling Workshop, Lawrence Berkeley National Laboratory, Berkeley, CA (August 1995).

Lee, G. Fred, "Landfill Postclosure Issues to Protect Groundwater Quality," ASCE Geotechnical and Environmental Engineering Division National Conference, San Diego, CA (October 1995).

Lee, G. Fred, "Overview of the Adequacy the LEHR National Superfund Site Investigation and Remediation," DSCSOC Town Meeting, Davis, CA (October 1995).

Lee, G. Fred, "Water Quality Management in Times of Reduced Funds Availability," SETAC World Congress, Vancouver, BC, CANADA (November 1995)

Lee, G. Fred, "Evaluation of the Potential for the BFI Proposed Rosser Landfill to Pollute Groundwater," Testimony before Manitoba Environment Commission, Winnipeg, Manitoba, Canada (November 1995).

Lee, G. Fred, "Evaluation of the Potential Pollution of Groundwaters by the Proposed 304th and Meridian Landfill," Testimony before the County Solid Waste Siting Authority, Tacoma, WA (December 1995).

Lee, G. Fred, "Evaluation of the Potential Public Health and Environmental Problems of Metro Toronto's Proposed Development of the Adams Mine Site as an MSW Landfill," Kirkland Lake, Ontario, Canada (December 1995).

Lee, G. Fred, "Water Quality Aspects of Dredged Sediment Disposal," Texas A&M University Dredging Workshop (January 1996).

Lee, G. Fred, "Appropriate Degree of Treatment of Domestic Wastewater Before Use for Groundwater Recharge of Shrubbery Irrigation," WEF-AWWA International Conference on Wastewater Reuse, San Diego, CA (March 1996)

Lee, G. Fred, "Evaluation of the Water Quality Significance of Chemically Contaminated Sediments in Dredged Material Management," two-day short-course, Hong Kong (March 1996).

Lee, G. Fred, "Inadequacies in the Proposed Development of the Adams Center Hazardous Waste Landfill," Testimony before the Indiana Hazardous Waste Facility Siting Commission, Fort Wayne, IN (March 1996).

Lee, G. Fred, "Sediment Quality Evaluation and Management: Sediment Quality Criteria and Standards," 3-day short course organized by E³ Environmental Education Enterprises, Inc., Seattle, WA (April 1996).

Lee, G. Fred, "Superfund Site Remediation by On-Site RCRA Landfills: Inadequacies in Providing Groundwater Quality Protection," Superfund/HazWaste West, Las Vegas, NV (May 1996).

Lee, G. Fred, "Aquatic Chemistry/Toxicology in Watershed-Based Water Quality Management Programs," Water Environment Federation Watershed '96, Baltimore, MD (June 1996).

Lee, G. Fred, "Assessing Water Quality Impacts of Stormwater Runoff," ASCE North American Water and Environmental Congress, Anaheim, CA (June 1996).

Lee, G. Fred, "Evaluating the Water Quality Significance of Sediment Toxicity," Water Environment Federation national conference, Dallas, TX (September 1996).

Lee, G. Fred, "Evaluation Monitoring for Developing Highway Runoff BMP's," State of California Stormwater Quality Task Force (November 1996).

Lee, G. Fred, "Water Quality Aspects of Dredged Sediment Disposal," Texas A&M University Dredging Workshop (January 1997).

If there is an interest in having Drs. G. Fred Lee and Anne Jones-Lee make a presentation, please contact G. Fred Lee at (916) 753-9630.
