SUBJECT: Revised Sacramento River, San Jan Joaquin River, and Bay Region Species Lists

Attached are the revised copies of the Sacramento River, San Joaquin River, and Bay Region species lists incorporating comments we received through June 2, 1998 from your review of the May 20, 1998 draft lists. Comments from reviewers requesting clarifications or that were directed to broader unresolved topics related to conducting the analysis were not addressed. Perhaps discussion of these comments could be an agenda item for the June 11, 1998 Conservation Strategy meeting.

Please call me or Paul Cylinder if you have questions.
