

Bruce Herbold notes

List of Concerns

List of Questions from DEFT Report

- Those we can answer in two months from data
- Those we can answer from modeling
- Those we should answer as we go through first stage

Operational Changes

- Flows below Hood
- Extended VAMP
- Augmented X2
- Flooding Bypasses
- Control Exports

Structural Changes

- Hydraulic Barriers
- North Stub
- South Stub
- South Fork Mokelumne Route
- Staging CCF
- Expand CCF
- Storage options

Common Programs

- Upstream ERPP
- Changes to Common Program (or Details)
- Water Quality

Outline of Final report

- Fish Impacts
- Identify Research
- Operational Options through Delta
- Structural Options through Delta
- Staging Stage 1 (7-10 years)
- Operations dual system
- Structural Options dual system
