

Memorandum

Date: February 13, 1996

To: CALFED Agency Representatives and Program Coordination Team

From: Lester A. Snow, Executive Director

Subject: Public Release of 20 Draft Alternatives

On Thursday, February 15, the 20 draft alternatives will officially become public, and you can expect to receive some calls from the news media about them. To ensure that all CALFED agencies communicate approximately the same message about the alternatives, I have attached message points and sample questions and answers.

If you receive significant media attention about the alternatives, I would appreciate you notifying your agency's public affairs division, so that the information can be passed along to the Program Team. Or, you can simply notify the Program directly by contacting Public Affairs Officer Mary Kelley at 916-657-2666. We would like to keep a general record of media contacts relating to the alternatives. Thanks for your cooperation.
