

Restoration Coordination: Contract Implementation

Memorandum

Date: February 19, 1998

To: CALFED Policy Group

From: Lester A. Snow
Executive Director

Subject: Contract Implementation

Summary

CALFED is working with the various entities (referred to as Contract Agencies) regarding the implementation of the 50 proposals approved in December 1997, and the additional 29 proposals approved in January 1998.

At the last Policy Group meeting, the contract amendment process was discussed. Policy Group directed the staff to develop the criteria to indicate when contract amendments will come to the Policy Group for approval/denial. Direction was also given to only refer significant contract amendments to Policy Group.

Attached for your review and approval is the Proposed Contract Amendment Process (Attachment 1). The Ecosystem Roundtable and Management Team are in concurrence with the proposed process.

Action--Decision

The Policy Group is being asked for comments and approval of the Proposed Contract Amendment Process and the role Policy Group should have in the process.
