## Memorandum

Date: May 7, 1997  
 To: Program Coordination Team  
 From: Judy Kelly, Deputy Director   
 Subject: Alternative Evaluation Process

We will make a short presentation covering a process we are proposing for narrowing of the alternatives and their variations. This effort will ultimately lead to the selection of the preferred alternative. The focus of the presentation will be on the process of narrowing alternatives, however, we will illustrate how narrowing and selection of the preferred alternative fit together. In a subsequent meeting, we will discuss the process for selecting the preferred alternative. The attached copies of overheads will help you follow the presentation.
