A brief overview of Phase 1 of the CALFED Bay-Delta Program process is attached for your information. This overview summarizes the information included in the Plan of Action which we developed for the first phase of the Program, covering the Program's progress from July 1995 through May 1996.

Our Program updates will provide you with an ongoing status of how we are achieving the milestones outlined in the Plan of Action and summarized in this overview. Separate Plans of Action were distributed in June for comment and review.
