MEMORANDUM

Date: September 21, 1995
To: Authority Directors
From: Mark Watton, Chair
Subject: MOU with Imperial Irrigation District

Attached is a copy of the memorandum of understanding concerning water transfer negotiations that was adopted unanimously by the Imperial Irrigation District Board of Directors on September 19. IID Directors made one small change, which is indicated by a "strike out" on page 4. I forward this to you for your information. In that the amendment made by IID is of a minor nature and does not change our Board's intent, it is my intention to execute the MOU as it now stands.

Also included in this mailing are a copy of a question-and-answer compilation concerning the MOU, the September 19 news release about the IID Board's action, and several newspaper clippings. I have received positive comments from a variety of political leaders and policymakers regarding the MOU.

As the potential for a water transfer is explored and the process moves forward, I know we will all have open, interesting and productive discussions. I have an affirmative feeling from all of this that we have a real chance to write some water history and firm up the San Diego region's water supply.

attachment: MOU with IID, question-and-answer handout, Sept. 19 news release, four newspaper clippings
