Gentlemen:

The Mendocino County Board of Supervisors has obtained copies of your Public Involvement Calendar for 1995. Mendocino County is a stake holder in these water issues in that several of our coastal communities rely heavily upon ocean salmon fishing on Central Valley fish stocks.

We are concerned over the lack of meetings proposed for Northern California, although we note that there is one meeting scheduled for Southern California in November.

On behalf of the Mendocino County Board of Supervisors, I would like to extend an invitation to the Bay-Delta Advisory Council to hold one or more meetings in our general area.

Please feel free to contact my office if we can be of assistance to you in your public involvement process.

Sincerely,

Seiji Sugawara
Chairman
