CALFED Bay-Delta Program

Subject: Preparation for Phase II of the CALFED Bay-Delta Program

Attached is a short summary describing some key elements involved with Phase I and Phase II of the CALFED Bay-Delta Program. As we move forward with the program, we felt it was important to review these elements and the likely schedule for implementation. Some of the elements which were originally planned to be conducted as part of Phase II will now be initiated during Phase I. Please refer to the CALFED Bay-Delta Program Draft Plan of Action Phase I (provided to you as part of the June 22 mailing in preparation for the June 29 BDAC meeting) for information concerning Phase I.
