I prepared this draft summary with the intent of including the final summary in the packet for the next BDAC meeting. The summary identifies most of the speakers and commenters; however, you will notice speakers for some of the comments under the Habitat Strategies, Financial Strategies and Water Transfers sections are not named. Any help in identifying the speakers would be appreciated.

A separate memo identifying key outcomes is being prepared under separate cover. Therefore, I will not provide an overview of the meeting in this correspondence.

Please review the summary and provide comments by Thursday, March 28, 1996.

Thank you for your cooperation.
