Date: July 8, 1996

To: BDAC Members

From: Lester A. Snow, Executive Director
CALFED Bay-Delta Program

Subject: Summaries from BDAC Work Group Meetings

BDAC Work Groups have been meeting on a regular basis over the last several months to discuss and collect information on various issues. As you know, BDAC Work Groups have been established to address ecosystem restoration, water use efficiency and finance. At the last BDAC meeting, a new Assurance Work Group was also established, however, the first meeting of this work group will not be held until August.

To keep you informed about the issues being addressed and progress made, we will send summaries of the Work Group meetings and pertinent materials about once a month. Hopefully, this will facilitate your understanding of the issues and help with meaningful discussions at the BDAC meetings.
