CALFED Bay-Delta Program  
Subject: Meeting Package for Upcoming BDAC Meeting

The upcoming Bay-Delta Advisory Council meeting will be held at the **Sacramento Convention Center, in Room 313, on Friday, September 20, 1996 from 10:00 am to 5:00 pm.** If you have not yet made arrangements to attend the meeting, please contact Robin Jenkins as soon as possible.

The objective for this upcoming meeting will be to review the progress made by the BDAC Work Groups, validate their activities and discuss various questions and issues that they bring for deliberation. These Work Groups provide a smaller, more focused forum to analyze key issues and to report back to the full BDAC for deliberation. BDAC Work Group chairs from Ecosystem Restoration, Water Use Efficiency, Finance, and Assurances will provide updates. Additionally, CALFED staff will present the status of the progress on development and refinement of the Program components.

Several items are included in this meeting package:

- Agenda for the September 20, 1996 meeting;
- Status report from the Ecosystem Restoration Work Group, the Water Use Efficiency Work Group, and the Finance Work Group;
- Summaries of the most recent BDAC Assurances Work Group (August 15), Finance Work Group (August 29), the Ecosystem Restoration Work Group (August 28), and the Water Use Efficiency Work Group (August 28 ) meetings; and
- Letters and material received from BDAC members.

We have also included an article on exotic species that may be of interest to BDAC members. We look forward to seeing you on September 20!
