Sacramento, California 95814 FAX (916) 654-9780

Date: January 21, 1997
To: BDAC Members
From: Judy Kelly, Deputy Program Director
Subject: Public Outreach

Attached is a summary of responses we received from you regarding our public outreach effort and ideas for improvement. We will be using this information to help guide our efforts in the future and we are already following up on many of your suggestions. Thank you for taking the time to pass on your thoughts.

With Mary Kelley's departure, we are in the process of filling her position and are interviewing candidates. This will take some time and will moderately affect our outreach efforts in the near term.

In the immediate future, we will be concentrating on briefing key state and federal legislators and their relevant staff members about the CALFED Bay-Delta Program.

We have held the first meeting of a Public Affairs Advisory Committee which will help us to broaden our outreach efforts further as we seek to reach all Californians.

Over the last couple of months, audiences receiving information regarding the CALFED Bay-Delta Program have included the ACWA Conference and the Annual Meeting of the County Agricultural Commissioners, among others.
