

Draft Outline  
Environmental Impacts/Consequences  
Technical Report  
(By Resource Category)  
1/29/97

- I. SUMMARY (will be used in Programmatic EIR/EIS)
- II. INTRODUCTION
- III. ASSESSMENT METHODS
- IV. SIGNIFICANCE CRITERIA
- V. ENVIRONMENTAL IMPACTS/CONSEQUENCES

5.1 No Action Alternative

5.1.1 Summary of Overall Effects

Comparison to Existing Conditions

5.1.2 Delta Region

Summary of Potential Significant Impacts  
Potential Significant Unavoidable Impacts

5.1.3 Bay Region

Summary of Potential Significant Impacts  
Potential Significant Unavoidable Impacts

5.1.4 Sacramento River Region

Summary of Potential Significant Impacts  
Potential Significant Unavoidable Impacts

5.1.5 San Joaquin River Region

Summary of Potential Significant Impacts  
Potential Significant Unavoidable Impacts

5.1.6 SWP and CVP Service Areas Outside Central Valley

Summary of Potential Significant Impacts  
Potential Significant Unavoidable Impacts

- 5.2 Preferred Program
  - 5.2.1 Summary of Overall Effects
  - 5.2.2 Delta Region
    - Comparison to No Action Alternative
      - Direct and Construction Related Impacts
      - Indirect and Operational Impacts
    - Comparison to Existing Conditions
    - Summary of Potential Significant Impacts
    - Mitigation Strategies
    - Potential Significant Unavoidable Impacts
  - 5.2.3 Bay Region
    - Comparison to No Action Alternative
      - Direct and Construction Related Impacts
      - Indirect and Operational Impacts
    - Comparison to Existing Conditions
    - Summary of Potential Significant Impacts
    - Mitigation Strategies
    - Potential Significant Unavoidable Impacts
  - 5.2.4 Sacramento River Region
    - Comparison to No Action Alternative
      - Direct and Construction Related Impacts
      - Indirect and Operational Impacts
    - Comparison to Existing Conditions
    - Summary of Potential Significant Impacts
    - Mitigation Strategies
    - Potential Significant Unavoidable Impacts
  - 5.2.5 San Joaquin River Region
    - Comparison to No Action Alternative
      - Direct and Construction Related Impacts
      - Indirect and Operational Impacts
    - Comparison to Existing Conditions
    - Summary of Potential Significant Impacts
    - Mitigation Strategies
    - Potential Significant Unavoidable Impacts
  - 5.2.6 SWP and CVP Service Areas Outside Central Valley
    - Comparison to No Action Alternative
      - Direct and Construction Related Impacts
      - Indirect and Operational Impacts
    - Comparison to Existing Conditions
    - Summary of Potential Significant Impacts
    - Mitigation Strategies

Potential Significant Unavoidable Impacts

5.3 Alternative IA

5.3.1a Summary of Overall Effects

5.3.2a Delta Region

Comparison to No Action Alternative  
Direct and Construction Related Impacts  
Indirect and Operational Impacts  
Comparison to Existing Conditions  
Summary of Potential Significant Impacts  
Mitigation Strategies  
Potential Significant Unavoidable Impacts

5.3.3a Bay Region

Comparison to No Action Alternative  
Direct and Construction Related Impacts  
Indirect and Operational Impacts  
Comparison to Existing Conditions  
Summary of Potential Significant Impacts  
Mitigation Strategies  
Potential Significant Unavoidable Impacts

5.3.4a Sacramento River Region

Comparison to No Action Alternative  
Direct and Construction Related Impacts  
Indirect and Operational Impacts  
Comparison to Existing Conditions  
Summary of Potential Significant Impacts  
Mitigation Strategies  
Potential Significant Unavoidable Impacts

5.3.5a San Joaquin River Region

Comparison to No Action Alternative  
Direct and Construction Related Impacts  
Indirect and Operational Impacts  
Comparison to Existing Conditions  
Summary of Potential Significant Impacts  
Mitigation Strategies  
Potential Significant Unavoidable Impacts

5.3.6a SWP and CVP Service Areas Outside Central Valley

Comparison to No Action Alternative  
Direct and Construction Related Impacts  
Indirect and Operational Impacts  
Comparison to Existing Conditions

**Summary of Potential Significant Impacts  
Mitigation Strategies  
Potential Significant Unavoidable Impacts**
