Prior to our next BDAC meeting please provide to BDAC members the information on the proposed isolated canal that was not available during the breakout session last week. This includes:

- 1) The cost in dollars including all associated costs.
- 2) The route of the canal
- 3) The area of the right of way
- 4) The area taken out of agriculture
- 5) The area of impacted existing non-agricultural habitat
- 6) The water levels in the canal versus in adjacent channels and measures to control seepage on adjacent land.
- 7) The measures to assure no increase in water stage on the south and east sides of the canal during major rain floods.
- 8) The operating plan for water delivery through the canal versus through the Delta.
