Subject: Secretary Babbitt and Governor Wilson's Administration Meetings

This memo is a follow up to our meeting/conference call yesterday afternoon. As you know, over the next month Interior Secretary Babbitt and members of Governor Wilson's Administration will be holding informal meetings with stakeholders regarding various aspects of the CALFED Bay-Delta Program. The purpose of these meetings is to provide an opportunity to discuss issues and convey information which the CALFED agencies and BDAC can use to prepare the draft Phase II Report. It is our expectation that discussions at these sessions will improve the draft Phase II Report which will be distributed in December 1998.

Meetings will be held almost weekly with specific topics for each meeting and varying participants. We have solicited input from each of you and other stakeholders for suggestions of who is available to attend the meetings.

The tentative schedule of meetings is attached for your information. I appreciate your continued involvement in the Program as we move into this next month of meetings and discussion.
