Dear Interested Party:

We are pleased to transmit the CALFED Bay-Delta Program *Draft Assurances Research* report. It is an interview-driven report on three different programs around the country examining topics such as administrative structure, resource issues and program responses, and funding sources.

The report is intended to furnish various CALFED participants with information relevant to CALFED discussions about some of the same topics. It is meant to be a 'tree-top' view of how other programs operate and contains a list of offices to contact for more details on subjects covered in the report.

If you have any questions or comments on the report, please contact Sue Lurie at the CALFED letterhead address or by phone at (916) 657-4765.

Sincerely,

Lester A. Snow
Executive Director
