

Eco Entity Questions from 2/24 small group meeting

Public Corporation

- What is the ability to form a joint fed and state chartered corporation?
- What is the ability of a joint corporation to receive direct state and federal appropriations
- What is the ability of a joint corporation to consolidate state bond funds?
(Not sure if I worded the question correctly)
- Are there rules for setting up a pulic corporation? Government corporation law requirements/steps/ conditions?
- Is there any precedent for a state chartered public corporation
- Any precedent for joint state federal public corporation
- If no precedent, what rules or process would be followed to set up a state chartered public corporation?

State Entity with Federal involvement

- What decision making authority can federal agencies have in a state entity without requiring federal legislation?
- Can fed representatives sit on the board for state entity and have voting status? If so, does it require federal authorization thru congress or from administrative authorities.
- Is there a limit on the number of fed representatives that can have a voting status on a state entity?
- Can federal funding be allocated directly from federal budget to a state entity? If not what would be most efficient process to receive federal funding?
- What are the limitations on the authorities available to a state entity? For example is it limited to state contract law or are their efficiencies that can be incorporated into the establishing legislation?

Joint State Federal Entity

- Are there other models of this structure that exist?
- What are the legal limitations if any--direct appropriations, bond funds, consoidation of existing programs and funding ?
