The next meeting of the BDAC Ecosystem Restoration Work Group will be held on Wednesday, January 29, 1997 from 9:00 a.m. to 12:00 noon, in Room 1131 of the Resources Building, at 1416 Ninth Street, Sacramento.

Attached is a generalized agenda for the upcoming meeting. The primary objective for this meeting is to discuss the development of the Ecosystem Restoration Program Plan (ERPP), review some of the significant comments received on the "Implementation Objectives and Targets" document, and discuss the implementation levels concept that was presented at the last Work Group meeting as part of the vision discussion. To aid in the discussion on the targets document, we have prepared a brief summary outlining the major points of the comments received during the comment period. Additionally, at the meeting, we will have available for distribution, the document titled, "Summary of Restoration and Management Plans Pertaining to the Ecological Resources of the Bay-Delta and its Watershed."

Also included is a summary of the December 18, 1996, BDAC Ecosystem Restoration Work Group meeting.

We look forward to your participation at the next meeting.
