

Memorandum

Date: November 16, 1998

To: CALFED Management Team

From: Lester A. Snow
Executive Director

Subject: Amendment to Project 97-C06, Contaminant Effects on Smelt

Due to a clerical error, the University of California Davis project to identify the role of contaminants in the decline of Delta smelt was not awarded the full amount of \$437,326. The project was awarded Proposition 204 funds in the amount of \$437,000 in December 1997.

This memo provides approval of an additional \$326 to restore full funding for this project. If you have any questions about this amendment, please contact Cindy Darling at (916) 653-5950.
