February 8, 2000

The Honorable Board of Supervisors

County of Nevada

S950 Maidu Avenue

Nevada City CA 95959

Subject: Approve Appointment of Elizabeth Martin to Participate in the development of a collaborative proposal facilitated by CalFed for regional watershed planning in the Yuba River Basin.

Funding: None.

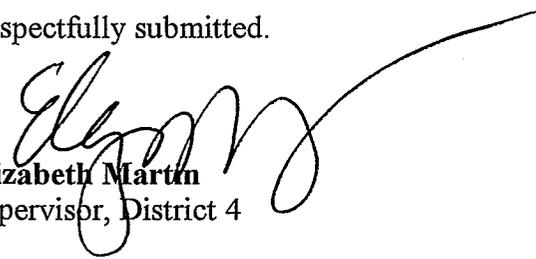

Recommendation: Approve appointment to participation.

Background:

CalFed requested interested parties to be included as participants in the development of a collaborative proposal, facilitated by CalFed, for regional watershed planning in the Yuba River basin based on the general scope of the previous Yuba Tools proposal. Nevada County would benefit greatly to have a local representative involved in the study and I am therefore requesting approval to participate in the Yuba Tools process.

The South Yuba River Citizens' League (SYRCL) has agreed to fund the local cost share of \$7,500 required by CalFed to participate in this process.

Respectfully submitted.

Elizabeth Martin
Supervisor, District 4
