Re: Yuba Tools	Date: July 5, 2000

Attached are the letters from key stakeholders involved with Yuba Tools negotiations regarding their near-term intentions. Although I did not receive a signed letter from Allan Eberhart (Sierra Club), we understand that Allan did talk to Shawn Garvey and supported the thoughts outlined in this letter.

Please let me know if you would like any of the signatories present at the next Roundtable meeting to discuss this matter further.
