Following the last CALFED Management Team Mtg. in late May, Wayne White and Tom Hagler met with Lester to discuss ways to better coordinate between the agencies and the CALFED program. Several suggestions from that meeting have been implemented.

It was also determined that it would be beneficial to have a short meeting previous to CALFED Mgt. Team meetings of the key mgt. level officials (historically referred to as the Four Stooges - Wayne, Tom, Kirk and Gary Sterns), the key agency staff liaisons (Palma, Cindy D., Jean and/or Mike T.) and CALFED federal staff (Judy and Sharon) to ensure that issues of importance are identified and can be brought up at the CALFED Mgt. team meetings for discussion with the State. It will also assist the CALFED staff in defining these issues and ensuring that they are addressed.

I have talked with several of you and it appears that the afternoon of June 24, from 2-4 in Room W-2142 (Cottage Way) would work for several people. We had originally scheduled 1-3, so please note the time change. The CALFED Mgt. Team meeting is on June 26 and the CALFED Program Workshop #7 is on June 25.

Agenda Items for the Monday meeting include:

- o Phase II Alternatives
  - \* Agency concerns
  - \* Unresolved issues
  - \* Baseline issues
  - \* Coordination between agencies and CALFED Program
