## CALFED BAY-DELTA PROGRAM

### Office Memorandum

**Date:** December 12, 1997  
**To:** Program Managers  
**From:** Judy Kelly *[Signature]*  
**Subject:** Management Team Meeting Monday

---

Enclosed is a revised agenda for the Monday Management Team meeting and a revised set of issues which we have asked the Management Team to discuss and ready for Policy Group deliberation at their meeting on the 18th and 19th.

Please review these issues as they pertain to your area. Please be prepared to help facilitate discussion of these issues on Monday. For some of these, there may be a ready Program response; if so, be prepared to provide that on Monday with background information if needed. For those issues where we do not have a fully developed response, please be ready to help clarify the issue, provide an opinion of how to proceed and why.

If you believe it would help further the discussion, and is not unreasonable to do, please have any handout material (a few paragraphs on the issue; bullet point; ...) you believe would assist in the discussion. I do not mean this to be a major work effort request; only to the extent you may have already developed background or summary material.

It will be most helpful if you can plan on attending the Monday meeting during that time your issue is being discussed. I've enclosed a draft revised agenda of the meeting. Thanks.
