

**ACTION ITEM:** prepare revisions to descriptions of science program in EIS/EIR

**DUE DATE:** 6/1/2000

**DESCRIPTION:** The CMARP appendix, the Implementation Plan, the Phase II Report, and other parts of the EIR/EIS describe aspects of a science program. These documents could be modified to reflect recent science program developments. Yet to be decided is what changes would be appropriate, and of those which changes would reflect a broad consensus. This activity will address these issues and develop consensus on modifications to the EIR/EIS documents.

**SCIENCE OVERSIGHT LEADER:** Larry Smith
