

ACTION ITEM: Complete feasibility planning of a CALFED Bay-Delta Science Center

DUE DATE: July 3,2000

DESCRIPTION: There is general consensus among technical staff that the establishment of a Bay Delta Science Center has merit and should be developed for inclusion into the ROD as a cornerstone of the CALFED science program. A feasibility report on this activity will be completed and presented to the Management Team for their review and input before the ROD is signed.

SCIENCE OVERSIGHT LEADER: Perry Herrgesell

Task(s)/ Product	Responsible	Assign by:	First draft	Final draft	Comments
1) Develop 1-2 page "vision" paper for discussion. Report to SOT	Herrgesell & Brown		4/28/00	5/5/00	To SOT by 4/28; Approve by 5/5.
