Subject: Early Public Involvement Requirements

Enclosed is a listing of early public involvement requirements associated with various Federal Executive Orders and an Interior Departmental Policy. We would appreciate your thoughts on the items on the list as well as any items which you believe should be added. Also, we would appreciate any guidance/experience your agency may have relative to early public involvement involving these Executive Orders or the Departmental Policy. Please provide your comments by March 4, 1996.

We intend to integrate these public involvement requirements into our Scoping efforts. Accordingly, it is our intent to meet with members of CALFED Agencies as well as other agencies as soon as we can to lay out the particular approach for complying with each of the Executive Orders, the Departmental Policy and any others which might be identified through your review.

If you have any questions, please give Rick Breitenbach call at (916) 657-2666.
