

Public Meeting Monday, July 27

The CALFED Bay-Delta Program is hosting a public meeting for Delta area residents interested in learning more about efforts to resolve environmental and water management problems within the Bay-Delta system. Program staff will provide an update on the draft proposals for a comprehensive solution, focusing on how the Program is working to reduce impacts to agricultural land. There also will be a discussion of the staged approach to implementation of the final solution. Interested individuals are encouraged to come to this meeting and raise issues or concerns or ask questions about the proposed plans.

If you need reasonable accommodation due to disability, contact Pauline Nevins, CALFED Bay-Delta Program, (916) 657-2666, (TDD) 800-735-2929.
