## Memorandum

Date: January 17, 1996

To: Program Team and Consultant Team

From: Lester A. Snow, Executive Director  
Steve Yaeger, Program Deputy Director  
CALFED Bay-Delta Program

Subject: Geographic Scope

We have reformatted and refined the narrative of the discussion paper presented earlier to BDAC. The purpose of this refinement was to put the final Geographic Scope in a format which was more conducive to its use in documenting Program work products and to make the minor modifications agreed to at the presentation to BDAC.

This final Scope is provided for your files. Copies will be deposited in the appropriate Program files. A strikeout/highlight copy is available if you wish to view the refinements we made.
