Subject: Ecosystem Review Team Meeting

Dick Daniel

We have a meeting scheduled for March 6, 1996, from 1:00 p.m. - 4:00 p.m., in Room 133 of the Resources Building. The primary focus of the meeting will be prioritizing core actions. We need to do this for the 1996 funding cycle of Category III and possibly as examples of what CALFED would do with money provided by SB 900.

To facilitate the discussion we have enclosed actions which we believe fit the core action criteria. We did this by species of special concern and by stream or watershed or ecoregion. We were asked to do it this way by the Category III Steering Committee.

Please review these documents and bring your suggestions for improvements and priorities on March 6. Thank you for your help.
