

CALFED  
BAY-DELTA  
PROGRAM

1416 Ninth Street, Suite 1155 (916) 657-2666  
Sacramento, California 95814 FAX (916) 654-9780

April 11, 1996

Mr. Joseph E. Patten  
3728 Siskiyou Street  
Redding, CA 96001

Dear Mr. Patten:

Thank you for your letter of February 18, 1996 relaying your comments on the 20 Draft Alternatives. Taking the time to relay your thoughts on this aspect of our Program is truly appreciated.

Staff has reviewed your comments and suggestions and they are part of our public comment record. They were considered as we refined the twenty alternatives down to the existing ten. The core actions have been better defined, they now include the actions and benefits. Alternatives 14 and 15 have been combined into refined Alternative I. Storage is a component that is included in all the alternatives at various levels of implementation, various locations and various methods. The specific details of the various components will be analyzed in Phase II and III of the CALFED Bay-Delta Program.

Again, we appreciate your interest in the CALFED Bay-Delta Program and look forward to your continued involvement in this important effort. If you have any questions or comments, please contact us.

Sincerely,

Lester A. Snow  
Executive Director
