Mr. Lester Snow  
CALFED Bay-Delta Program  
1416 Ninth Street, Suite 1155  
Sacramento, California 95814

Dear Mr. Snow:

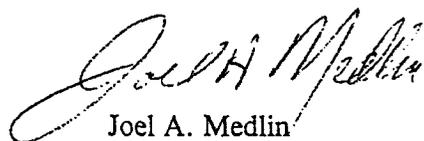

Enclosed is an ammended scope of work for Fish and Wildlife Service (Service) participation in the CALFED Bay Delta Program.

Based upon review comments by your staff, two additions have been made to the Scope which we sent to you on December 12, 1996.

The first addition states that Service participation in the preparation of the Programmatic EIR/EIS will be used to satisfy FWCA responsibilities. The second addition states that the staff involved in the EIR/EIS process will operate within the time frame of the overall program.

If you have any questions or require additional information, contact Jean Elder at 979-2742.

Sincerely,

  
Joel A. Medlin
