

## Memorandum

Date: June 24, 1997

To: W. David Gwaltney, Professional Staff Member  
Senate Subcommittee on Energy and Water Development

From: Lester A. Snow, Executive Director  
CALFED Bay-Delta Program 

Subject: 1997 Category III Request for Proposals

I have enclosed for your information the 1997 Category III RFP recently prepared by the CALFED Bay-Delta Program. The process used to cover the state monies made available by the passage of Proposition 204 (\$60 million) and stakeholder contributions (\$10 million) is explained in the RFP. This is the same process that would be used for the \$143 million.

You may wish to review the attachments, which give more specific information on the types of restoration actions that may be funded through this RFP. I have also enclosed an overview of the Restoration Coordination Program, which you may find useful.

If you have questions or would like further information, please feel free to contact me at (916) 657-2666.
